NEW TASK NAMED COME:

After the encounter of God, we three (Myself, Bro. Sam & his wife) prayed together to meet the needs of Slum. God spoke with us. He gave the name of this new institution as 'COME' by reminding the humble birth place of God (i.e. Cow Shed). God didn't choose the luxury hospitals for His son's birth. Similarly, God gave this royal assignment in a humble car shed.

Today, COME has grown to several cities and wiping the tears of numerous people, bringing joy to the broken hearts. Once the forbidden shelters for criminals where Public are not allowed (after 6 pm in the evening) are transformed into God's worshipping place. Moreover, miracles are day to day events there by God's grace.

GOD WHO TEACHES US:

During the initial days of ministry we went through trials and tribulations, yet God helped us to develop further. In Early days, there was no clue on how to approach people? And how to speak with them? But God diligently trains us every day to deal with the issues and to overcome them.

Moreover, the police officers warned us, not to enter the slum after 5 pm as it was unsafe. Amidst the safety concerns, God helps us to complete the

ministry successfully. By God's hand and His extended mercy, He has transformed the poor people into princes (Psalms 113:7).

HOW IS COME NOW?

COME which started with baby steps has now evolved into seven-fold ministries namely: Personal evangelism (Meeting individuals at door step), Samuel group (Kids), Esther group (Young girls), Daniel group (Young boys), Deborah group (Married girls), Paul's group (Married team) and Worship centres.
